Licensing Sub-committee 17 June 2020

Item 3 – Additional Information submitted by Objector (Mr Consterdine) on 10 June 2020

“The applicant states that this street is part of the commercial sector of Shepshed. This is not correct – it is a mixed street with the majority of properties being houses
17 houses

2 businesses with residents living above their businesses

10 active businesses.

The existing businesses work within normal business hours apart from Livio’s Restaurant and due to the nature of their lovely food the emphasis is not on alcohol consumption and we have never had any problems with them.

The proposal is in the middle of a mainly residential street normally quiet at night and this is not the right site for a pub being open till after 11:30pm with most of the street wanting to sleep

I attach a survey of us done today on the distribution of residents versus businesses in Hall Croft. To emphasise – Hall Croft is a mixed street of commerce and residency – the residents expect to come home to some peace and sleep and not have their lifestyles ignored by someone who only wants to make a profit”.
