## Part B

## Background - Outturn for General Fund and HRA

- 1. The outturn position for the General Fund is a £199k surplus to the working balance, against the Original Budget figure of £189k deficit. (1% of the Original budget) (Appendix 1), a net favourable variance of £388k. There are a large number of adverse and favourable variances which make up the surplus, the major variances are included below and also in the service accounts which are listed below in table 1.
  - <u>Revenue Contribution to Capital</u> ('RCCO') £85K revenue budget was used to fund seven Capital schemes within the Capital Programme, such as Community Tree Planting, feasibility work for New Council Offices, Northgate single system implementation, and four smaller schemes all approved as part of the Capital amendment report.
  - Interest Received on Balances £1,076k interest has been received which is higher than the budget by £776k, a major favourable variance, this is due to the changes in the bank rates part way through the year and higher interest rates have been obtained on Treasury Management investments. The budget for 2023/24 has been increased to £1.5m in line with the current Treasury Management investment forecasts.
  - <u>Interest Paid</u> £280k interest paid which is higher than the budget by £40k. These costs primarily relate to a £2m loan which will be repaid in 2024, and therefore will generate an on-going budget savings from 2024 of £230k. The additional costs relate to higher interest cost held for S106 agreements that are held on account.
  - <u>NDR</u>-The NDR budget was set at a net £5.2m, including the amount payable to the LLEP, £1.3m is payable to the LLEP (Leicester & Leicestershire Enterprise Partnership) giving a net NDR £5.3m balance.
- <u>The General Fund Reserve Balances (Appendix 1)</u> As noted above the opening working balance reserve at 1<sup>st</sup> April 2022 was £6,567k, which compared to the closing balance of £6,766k being a £199k surplus compared to the budget of £189k deficit, this is an overall favourable variance of £388k.
- 3. <u>The Housing Revenue Account outturn for 2022/23 (Appendix 4)</u> shows a surplus of £2,214k compared with a budgeted break-even position. This gives HRA general balance at the end of the year £603k following a transfer of £2,217k to the HRA Financing Fund. This transfer gives the HRA Financing Fund a balance at the end of the year of £16,793k.
- 4. It should be noted that the General Fund and Housing Revenue Account outturns are both provisional as the Statement of Accounts are currently in production and will need to be audited before being finalised and signed off.

## <u>Outturn – General Fund 2022/23 Head of Service Accounts Controllable Costs</u> <u>Outturn (Appendix 2)</u>

5. Appendix 2 shows an overspend of £610k for the General Fund. These are shown against the current budgets at Head of Service level. Controllable costs are those that budget officers have direct responsibility for managing and these exclude capital charges and recharges. Paragraphs 6 to 13 below explain the major General Fund variances within this figure. Major variances are included in the summary in table 1 below

- 32. As a percentage of dwelling rents, the total arrears including court costs is 5.15% compared with 5.60% in 2021/22.
- 33. The numbers of tenants receiving universal credit (UC) continues to rise slowly. During the year numbers increased by 138 to 1,774 at the end of March 2023. Total UC rent arrears have decreased as have overall current arrears and stood at £401k at the end of the year. The average debt of a tenant receiving universal credit at the end of the year was £531. UC is paid to the claimant as a single monthly payment in arrears. It takes at least five weeks for the Department for Work and Pensions to assess a claim and for tenants to receive their first payment of the benefit. A rent debt is often accrued as a result. In some instances, on receipt of the benefit tenants do not pay the rent to the council. Advice and support are offered to all tenants moving to universal credit by the landlord services' financial inclusion and tenancy support teams. Where tenants have vulnerabilities and/or owe eight or more weeks' rent our universal credit officer makes applications to the DWP to switch payment of the housing element of UC from the tenant to the council. Rent recovery action is taken where necessary.
- 34. Appendix 5 details the controllable cost outturn for the HRA as of 31 March 2023. This shows the controllable budgets and actuals as they were presented within the monitoring reports during the year. The descriptions of Employee related expenditure include all employee related costs, not just salaries. Some costs such as insurance costs and business rates must be shown in Rents, Rates and Other Charges, within the Income and Expenditure account of the Statement of Accounts.

Capital Outturn Summary 2022/23

The Major Capital Schemes in 2022/23 are detailed below:-

- 4. <u>Enterprise Zone</u> This budget was amended as part of the Treasury Management Strategy report 9<sup>th</sup> February 2022, from £13m to £10m and reprofiled into 2023/24. The fund was created to allow "forward funding" of buildings or infrastructure within the Zone financed by future business rate receipts. £2m was paid over as a grant to the Leicester & Leicestershire Economic Partnership to support a grant in respect of the Loughborough Charnwood Campus Site in 2021. This was internally borrowed by Charnwood Borough Council and will be re paid back over a 4-year period. The balance of £10m is a provisional budget for 2023/24. 9<sup>th</sup> March 2023 Cabinet report approved a new EZ agreement with Charnwood Campus of up to £5m, any additional new schemes in 2023/24 will be reported to Cabinet.
- 5. <u>Bedford Square Project</u> Delegated Decision 182, 15th October 2021 approved a revised total budget of £3.869m funded by Town Deal £1.7m,

External Funding  $\pounds$ 708k, Capital Receipts  $\pounds$ 1.461m. This scheme is complete, the final costs are yet to be determined. Leicestershire County Council, require final works to be inspected for snagging and a cost for this is still to be determined, cost to date is  $\pounds$ 3.985m, in addition some costs are being reclaimed with two contractors.

- 6. <u>Regeneration Projects</u> This budget was amended as part of the Treasury Management Strategy report 9<sup>th</sup> February 2022, which reduced this provisional budget down from £15m to £5m and reprofiled into 2023/24. Major projects will be coming forward where the Regeneration capital funds may be required – those include the 2 Town Deal projects, "Lanes and Links" and "Living Loughborough". Whilst Town Deal funding will be available, these projects may incur extra costs or their scopes may be expanded, if it proves beneficial to do so.
- 7. <u>Disabled Facilities Grants</u> The total budget is £2.496m block sum in 2022/23 includes carry forward balances from previous years and is fully funded by the Better Care grant. Mandatory and Discretionary grants are approved in line with the Private Sector Housing Grant Policy, spend in 2022/23 is £645k and the slippage requested for this scheme is £1.851m, to cover commitment of DFG approvals and will be profiled over the next two years. Further resource has recently been added to the Housing Team which will help improve the level of spend on the grants in the future.
- 8. <u>Acquisition of Affordable Housing to meet Housing Need</u> The budget in 2022/23 is £3.303m, the Council signed an agreement with the Government to retain Right to Buy receipts on the basis that this funding will be used to increase the supply of affordable homes for rent. If the budget is not carried forward and spent, the Council would need to return the receipts to the Government, with interest. The Council purchased 4 properties in 2022/23 and gifted 1 through S106 Agreement. (10 properties purchased and 1 gifted in 2021/22). Slippage of the budget into 2023/24 is £2.739m towards acquisition of affordable housing.
- 9. <u>Shepshed Town Centre Development and Public Realm</u> The total budget for this scheme is £2.475m, as per 13<sup>th</sup> April Cabinet Report 2022, spend to date is £395k, and a further Cabinet report was approved on 9th June 2022, giving approval to commence procurement and provided a detailed plan of the project. Phase one of the project (Market Place) will be undertaken in 2023 and phase two of the project will be undertaken in 2024, update reports are taken to the Senior Leadership Capital Board on a quarterly basis. ## 10. HRA Capital Schemes

After a significant round of procurement, all HRA planned maintenance contracts are now in place. Major adaptations, kitchens, bathrooms, heating, and roofing contracts have all mobilised and improvements are being delivered to tenants' homes. Some contracts mobilised earlier than others and this is reflected in the spend, which is expected to increase significantly in 2023/24.

11. The funding arrangements for 2022/23 are detailed in Table 2 below.

Table 2

| Funding the Capital Programme 2022/23     | <u>Amount</u> |
|---|---------------|
|   | <u>£'000</u>  |
| Grants, Contributions, S106 Contributions | 2,532         |
| Capital Receipts                          | 1,413         |
| Revenue Contribution to Capital           | 86            |
| HRA Major Repairs Reserve                 | 3,764         |
|   | 7,795         |

- 12. After allowing for the funding of the Capital spend, slippage and funding all known future schemes up to 2024/25 there will be a balance left of £8.7m of Capital receipts available for future General Fund projects, we will have to monitor the Housing Pooling to ensure that retained receipts are spent within the allowable period. The Capital Plan Reserve has balance £1.8m, also for General Fund projects, a total of £10.5m. In addition, the HRA Revenue Contribution to Capital is used each year to fund HRA Capital schemes.
- 13. The Capital Plan is subject to amendment within the financial year via the Capital Plan amendment reports presented to Cabinet.
