## HOUSING, PLANNING, REGENERATION AND REGULATORY SERVICES SCRUTINY COMMITTEE – 2ND JULY 2019

### Report of the Head of Strategic Support

#### Part A

#### ITEM 5 NEW SCRUTINY COMMITTEE STRUCTURE – TERMS OF REFERENCE

##### Purpose of Report

To provide the Housing, Planning and Regeneration, and Regulatory Services Scrutiny Committee with information regarding its remit and terms of reference.

##### Recommendation

That the information regarding the remit and terms and reference of the Committee set out in Part B of, and the appendix to, this report be noted.

##### Reason

To assist the effective working of the Committee as part of the Council's new scrutiny committee structure.

##### Policy Justification and Previous Decisions

The Council commissioned the Centre for Public Scrutiny to undertake a review of its scrutiny arrangements that was completed in 2018. One of the recommendations of that review was that the scrutiny committee structure should be changed to one that was more outcome focussed, for example by following the Council's directorate structure. Following consideration by the then Scrutiny Management Board, a new scrutiny committee structure was agreed by full Council on 25th February 2019 for implementation from the start of the 2019/20 Council year.

##### Implementation Timetable including Future Decisions and Scrutiny

The new scrutiny committee structure will operate from the start of the 2019/20 Council year and scrutiny committees will operate within that structure and the remit and terms of reference set out in the Council's Constitution. A summary of those arrangements is set out in Part B of this report to assist the effective working of the Commission.

##### Report Implications

The following implications have been identified for this report.

##### *Financial Implications*

There are no financial implications.

## *Risk Management*

There are no specific risks associated with this decision.

## Part B

### Scrutiny Principles

1. Scrutiny is an integral part of local authority governance. Rather than making decisions, the role of scrutiny is to improve decision-making by others through reviewing decisions and actions that have been taken and suggesting improvements that could be made. It ensures that the Cabinet can be held to account and that a broad range of councillors can be involved in policy development. Scrutiny can also provide an opportunity for the views of the public, businesses, community groups and others to be considered when reviewing the Council's activities.
2. One of the key jobs that scrutiny does is to hold decision-makers (especially the Council's Cabinet) to account for their decisions. Scrutiny bodies have the power to require Cabinet members to attend their meetings and explain the decisions they have taken, and progress with delivering the Council's policies and performance targets. Having heard from decision-makers and gathered other evidence, for example from good practice elsewhere, scrutiny bodies are able to make recommendations on how things could be improved.
3. A useful guide to undertaking scrutiny can be to consider the four principles of good scrutiny identified by the Centre for Public Scrutiny. These are that scrutiny:
  - (i) provides a 'critical friend' challenge to the Cabinet
  - (ii) enables the voice and concerns of the public to be heard
  - (iii) is independent and owned by scrutiny councillors
  - (iv) drives improvement in local services.
4. The Council's Constitution sets out the rules governing how scrutiny committees operate, including the powers that are available to them and their roles and responsibilities. These are set out below and in the attached appendix.

### General Functions

5. The general principles regarding how scrutiny should operate have been incorporated into the rules set out in the Council's Constitution. These set out that the key functions of the Council's scrutiny committees are to:
  - hold the executive to account by reviewing decisions of the Cabinet and the Council's progress in achieving its policy aims and performance targets.
  - develop and review policy by studying policy issues in detail, carrying out its own research and consultation on policy and involving the public in developing policy.
  - hold other public service providers to account where appropriate.
6. The Constitution also sets out the methods available to scrutiny committee in performing those functions. These are based on the understanding that scrutiny works best when it makes recommendations (principle (i) and

principle (iv)) that are based on robust and wide-ranging evidence (principle (ii) and principle (iii)). Those methods are to:

- require Cabinet members and senior officers to attend their meetings and answer questions
- invite other people to their meetings and gather evidence from them
- monitor the Forward Plan and call for reports on items that are coming up
- send reports and recommendations to the Cabinet or full Council on matters that have been scrutinised
- Hold longer inquiries into more complex matters.

### Functions Specific to Each Committee

7. The Constitution also sets out the specific functions of each committee based on these principles and methods. These are set out in full in the appendix to this report. In the case of the three directorate-based committees the same ten core functions are identified for each committee.
8. The Neighbourhoods and Community Wellbeing has an additional function of acting as the Council's crime and disorder committee by scrutinising the discharge of crime and disorder functions by the Council and other agencies through the Community Safety Partnership. This is a statutory function and has been allocated to the Neighbourhoods and Community Wellbeing Scrutiny Committee as the majority of the Council's functions in relation to community safety sit within the Neighbourhoods and Community Wellbeing directorate.
9. The Scrutiny Commission has different functions to reflect its role in co-ordinating the work of scrutiny and undertaking pre-decision scrutiny. Its functions relating to setting the overall scrutiny work programme are discussed in paragraphs 10 and 11 below. The other functions of the Scrutiny Commission are:
  - Pre-decision scrutiny – this provides the opportunity for reports to be scrutinised before they are submitted to the Cabinet. The Commission can use this process to examine the reasoning behind the recommendations that are being made to the Cabinet and suggest possible alternative recommendations.
  - Monitoring the effectiveness of scrutiny through reviewing the implementation of recommendations – in order to ensure that scrutiny is making a difference the Commission will receive information on the number of recommendations being made by scrutiny committees and panels, the actions agreed by the Cabinet (or other body) in response to those recommendations and the implementation of those actions.
  - Responding to Councillor Calls for Action – Councillor Calls for Action provide a means for councillors to raise issues that affect their ward when other attempts to resolve that issues have been unsuccessful. The role of the Commission is to decide whether the issue should be added to the scrutiny work programme.
  - Considering petitions holding officers to account in accordance with the Council's Petition Scheme – if a petition on an issue has

at least 2,000 signatures the relevant officer will give evidence about the issue to a meeting of the Commission.

### Work Programming

10. The Scrutiny Commission has overall responsibility for the scrutiny work programme. As a result it can amend the work programmes of the other scrutiny committees and establish standing and ad hoc panels to undertake more detailed scrutiny inquiries. This enables the Commission to keep an overview of the whole of the work of the scrutiny function to ensure that the resources of councillors and officers are used effectively by avoiding duplication and enabling cross-directorate corporate issues to be scrutinised.
11. Each of the directorate-based scrutiny committees can identify and schedule items for its own work programme as long as they fall within its area of responsibility. If a directorate-based committee identifies a topic for scrutiny that is outside its remit it can make a recommendation to the Scrutiny Commission that it is added to the work programme of the committee whose remit it falls within.
12. This Committee will have responsibility for scrutinising all the services delivered by the Housing Planning Regeneration and Regulatory Service directorate, including
  - landlord services / council housing,
  - strategic & private sector housing, homelessness,
  - planning & development control,
  - building control,
  - car parks,
  - environmental health
  - street management

## HOUSING, PLANNING, REGENERATION, AND REGULATORY SERVICES SCRUTINY COMMITTEE 2ND JULY 2019

### Report of the Head of Strategic Support

#### ITEM 7      SCRUTINY WORK PROGRAMME

##### Purpose of the Report

To enable the Commission to review and agree the scrutiny work programme.

##### Action Requested

To review and amend the scrutiny work programme to ensure that it is fit for purpose and that any items which no longer warrant scrutiny are removed and any items requiring scrutiny are added (see Appendix 1).

##### Reason

To enable the Council's new scrutiny arrangements to operate efficiently and effectively.

##### Policy Justification and Previous Decisions

The Corporate Plan commits the Council to review and improve its approach to the delivery of services to ensure it is constantly working to achieve a better service, providing better value for money and enhancing the performance and commitment to service delivery.

A new scrutiny committee structure was agreed by full Council on 25th February 2019 for implementation from the start of the 2019/20 Council year. As part of that process the former Scrutiny Management Board reviewed the existing scrutiny work programme and resolved:

*“that the Head of Strategic Support be asked to ensure that committees under the new scrutiny committee structure are asked to review their work programmes at their first meetings, and are provided with appropriate guidance to assist that, so that any items which no longer warrant scrutiny are removed and any items requiring scrutiny are added”* (minute 43.2 2018/19 refers).

This Committee can identify and schedule items for its own work programme without needing the approval of the Scrutiny Commission if those items fall within its area of responsibility. If the committee identifies a topic for scrutiny that is outside its area of responsibility, it can make a recommendation to the Scrutiny Commission that it is added to the work programme of the relevant scrutiny committee, or that a scrutiny panel be established.

## Work Programme Update

The Scrutiny Commission agreed the Scrutiny Work Programme (as attached at Appendix 1) at its first meeting on 3rd June 2019. It considered the Scrutiny Work Programme for the Housing, Planning, Regeneration and Regulatory Services Directorate that had been agreed at the last meeting of the Scrutiny Management Board and removed the following items from the scrutiny work programme:

1. Housing rent arrears
2. Housing repairs complaints
3. Empty homes strategy
4. Tenancy support

The following items were added by the Scrutiny Commission to the Scrutiny Work Programme for the Housing, Planning, Regeneration and Regulatory Services Directorate:

1. The Local Plan – for 2nd July 2019 meeting
2. Additional information about ASB and Housing complaints to the Quarterly Performance Monitoring Report – at each quarterly meeting

After consultation with the Chair and Vice-chair of the Committee it was agreed that the item to consider the Local Plan at its meeting on 2nd July 2019 be removed from the Scrutiny Work Programme as the matter will be scrutinised more effectively after the second consultation has been completed. To update the Committee of the current position of the Local Plan, a briefing note will be circulated to members of the Committee.

Items dated prior to this meeting have been removed from Appendix 1 to avoid confusion.

## Implementation Timetable including Future Decisions and Scrutiny

Issues identified by the Committee within its own remit will be reflected in an updated work programme. Issues identified for scrutiny outside of the Committee's remit will be recommended to the Scrutiny Commission.
