23. QUESTIONS UNDER CABINET PROCEDURE 10.7

Mr M. Hunt – Study of Houses in Multiple Occupation

- “1. In December the Council published A study of Housing in Multiple Occupation (HMO) in Charnwood by Professor Darren Smith and Dr Andreas Culora of Loughborough University costing over £20,000 over three years, so why was this charged to the Loughborough Special Expenses when it clearly relates to the Borough as a whole and contributes to the Evidence Base of the Draft Borough Local Plan and the Borough Housing Needs Assessment?
2. Given that the first aim of the Study was “the creation of a comprehensive database identifying HMO in the Borough which can be updated as new information becomes available”, which are the contributing data sources to that database?
3. As the Study states “the database (HiMOG) provides an opportunity and baseline to annually update of the identification of HMOs and to identify the total number of bed spaces within each dwelling (i.e. total occupancy counts for each dwelling)”, is it in active use and if so why has the database never been updated?
4. Would the Council include this contract in a forthcoming internal audit?”

The following response had been published prior to the meeting:

1. *The study was commissioned in response to a recommendation from the Council’s Budget Scrutiny Panel following calls from Loughborough ward councillors to have a better understanding of HMO saturation in Loughborough in light of emerging research from Loughborough University into HMO geographies. As part of the budget setting process for the 2015/16 financial year, funding for the costs of the study was agreed by the Cabinet and Council (minute references Cabinet 84.4 2014/15 and Council 78.1.15 2014/15) in the form of a contribution towards the cost of a PhD thesis.*

While the study considered the impacts of HMOs across the whole Borough, the HiMOG database is only used in relation to planning decisions in Loughborough where an Article 4 Direction is in place. Similarly, Policy H7 in the Pre-submission Draft Local Plan only applies the threshold approach that makes use of the database to Loughborough.

The budget reports, including the allocation of this expenditure to the Loughborough Special Expenses, were prepared by the Council’s Head of Finance and Property Services and agreed by the Council’s Section 151 Officer who is responsible for the proper financial management of the Council.

2. *The HiMOG database was created in 2018 from the following datasets:*
 - *HMO Licences*

- *Planning Register*
- *Student registration data*
- *Electoral Register*
- *Council Tax exemptions*
- *Information provided by local residents.*

3. *The HIMOG database is in active use and is updated.*

4. *Following the end of the project, and the handing over of the HIMOG database to the Council in 2018, there has been no contractual arrangement between the Council and Professor Smith.*

24. TENANCY POLICY 2021-2025

Considered, a report of the Head of Landlord Services setting out an updated Tenancy Policy for the period 2021-2025 (item 6 on the agenda filed with these minutes).

At the request of T. Edwardes, Chair of the Housing Management Advisory Board, the Head of Landlord Services presented verbally the views of the Board, as follows:

“The Housing Management Advisory Board considered the Tenancy Policy at its meeting on 12th May 2021. The Board heard that the policy promoted the targeted use of fixed-term tenancies to prevent anti-social behaviour, whereby prospective tenants with a history of serious ASB would be offered a fixed-term tenancy of 2 years commencing after the 12-month introductory tenancy period. If there was serious ASB then the Council could decide not to issue a new tenancy at the end of the 2-year fixed term.

The Board also heard that fixed term tenancies would be used to support the best use of housing stock, with high demand four bedroom and above and wheelchair accessible properties being offered on a 10-year fixed term tenancy in addition to the introductory tenancy period.

The Board was provided with assurances that throughout the period of fixed term tenancy, advice and support would be offered to tenants on the conduct of the tenancy and re-housing options as appropriate, that household vulnerability would be considered when making a decision not to renew a tenancy at the same address, and that each case would be considered on its own merits.

The Board was generally supportive of the policy, which was noted”.

The Head of Landlord Services assisted with consideration of the report.

RESOLVED that the following **be recommended to the Leader** for his decision:

1. that the Tenancy Policy 2021-2025, attached at Appendix 1 to the report of the Head of Landlord Services, be approved;
2. that delegated authority be given to the Head of Landlord Services, in consultation with the Cabinet Lead Member for Public Housing and the Head of

Strategic and Private Sector Housing, to make minor amendments to the Tenancy Policy 2021-2025;

3. that the views of the Housing Management Advisory Board be noted.

Reasons

1. To update the Council's policy on its approach to (amongst other things) the type of tenancies it will grant, where tenancies are granted for a fixed term, the length of those terms, and the circumstances in which it will grant tenancies of a particular type.
2. To enable minor changes to the policy to be made to support the effective management of tenancies in a way that is consistent with the Council's Scheme of Delegation.
3. To acknowledge the work undertaken by and the views of the Housing Management Advisory Board.

25. DRAFT NEW TENANCY AGREEMENT FOR COUNCIL HOMES

Considered, a report of the Head of Landlord Services setting out a draft updated Tenancy Agreement for introductory and secure tenants prior to notification of variation to the existing tenancy agreement being issued to the Council's tenants as part of a legally required consultation process (item 7 on the agenda filed with these minutes).

At the request of T. Edwardes, Chair of the Housing Management Advisory Board, the Head of Landlord Services presented verbally the views of the Board, as follows:

"The Board heard that it was good practice for landlords to update their tenancy agreement on a periodic basis to reflect current legislation, and to support a robust approach to tenancy management. This was a key document that defined the relationship between the Council and its tenants, and after full consideration the Board recommended a number of amendments, which the Chair of the Board was pleased to say had been incorporated into the final draft.

The Board was supportive of the draft new tenancy agreement, both noting and commending it to Cabinet."

The Board was thanked for its work in considering this and the previous item.

The Head of Landlord Services assisted with consideration of the report. In response to a question, he confirmed a typo on agenda page 44, first sentence of paragraph entitled *Crime and Disorder* should read "The draft new Tenancy Agreement contains terms which will enhance the Council's ability to take enforcement action to tackle anti-social behaviour (ASB), hate incidents, and domestic abuse".

RESOLVED that the following **be recommended to the Leader** for his decision:

1. that the draft Tenancy Agreement, attached at Appendix 1 to the report of the Head of Landlord Services, be approved for consultation in accordance with Section 103 of the Housing Act 1985;
2. that following consultation, the draft Tenancy Agreement be updated with regard to the tenant response;
3. that subject to there being no significant amendments to the draft Tenancy Agreement, the Head of Landlord Services be given delegated authority, in consultation with the Cabinet Lead Member for Public Housing, to implement the updated Tenancy Agreement;
4. that the views of the Housing Management Advisory Board be noted.

Reasons

1. To obtain Cabinet approval of the content of the draft Tenancy Agreement before a legally required consultation process commences.
2. To have regard to feedback received from tenants.
