

## **CABINET – 9TH DECEMBER 2021**

### **Report of the Head of Financial Services**

**Lead Member: Councillor Tom Barkley**

#### **Part A**

#### **ITEM 8     DRAFT CAPITAL PLAN 2022/23 TO 2024/25**

##### Purpose of Report

To consider the Draft Capital Plan 2022/23 to 2024/25 as well as possible sources of funding and to begin a period of consultation.

##### Recommendation

That Cabinet endorses for consultation the Draft Capital Plan for 2022/23 to 2024/25 for the recommended General Fund and HRA schemes in Appendix 1.

##### Reason

To enable consultation on the Draft Capital Plan, so that it can become the basis for capital spending by the Council.

##### Policy Justification

The Council's Capital Plan is an integral element of all policies.

##### Implementation Timetable including Future Decisions and Scrutiny

The final Capital Plan will be submitted to Cabinet on 10 February 2022 and it will then be considered by Council on 21 February 2022. Scrutiny Commission will have the opportunity to consider this draft report for pre-decision scrutiny on 8 December 2021 and the final report on February 2022. The Budget Scrutiny Panel will consider this report at its meeting on 8 December 2021.

Provided it is approved, the new Capital Plan will come into effect on 1 April 2022. Any changes to the Plan will then be considered by Cabinet, and Council if necessary, as part of the Capital Plan Amendment process. These reports are also available for scrutiny by the Scrutiny Commission and the Corporate Services Scrutiny Committee.

Cabinet is asked to endorse the draft Capital Plan contained in and appended to this report as a basis for consultation. These proposals will be subject to consultation over the period from 17 December 2021 to 15 January 2022.

Consultation will be with:

- Trades Unions
- Formal consultation with key partners, including members of Charnwood Together, Towns and Parishes
- Budget Scrutiny Panel

### Report Implications

The following implications have been identified for this report.

#### *Financial Implications*

There are no direct financial implications from approving this report for consultation. However, if the final report is approved then there will be financial implications for the Council and these are set out in Part B of this report. Overall, the Capital Plan will be fully funded through the use of revenue and capital resources.

#### *Risk Management*

There are no specific risks associated with the decision Cabinet is being asked to make. However, Part B of the report identifies risks associated with the eventual adoption of the new Capital Plan.

#### *Equality and Diversity*

There are no specific Equalities & Diversity issues affecting the recommendation in this report, though any such issues affecting particular schemes will be considered as part of those schemes' formal appraisal.

#### *Sustainability*

As with other items above, there are no direct sustainability issues affecting the recommendation, but any affecting specific schemes will be considered as part of the appraisal of those schemes.

Key Decision: Yes

Background Documents: None

## Part B

### Background

1. The Council operates the Capital Plan on a three year basis to reflect the longer term nature of capital expenditure and in accordance with best practice. Additions to the Capital Plan are based on capital appraisals and cover areas such as enhancements of an existing asset, planned improvements to existing assets and scheme affordability. Schemes are categorised as either live, Committed or Third party schemes. Live schemes are project managed by Charnwood Borough Council, Committed schemes are scheme committed in principal but required further consideration in order to commence and Third Party schemes are fully funded by external resources. The current approved Capital Plan is included in Appendix 2 for information and some of these schemes will be carried forward as part of the Capital Outturn Report.
2. Following the appraisal process a New Draft Capital Plan for 2022/23 to 2024/25 was produced for the General Fund and HRA included in Appendix 1 .
3. It should be noted that only limited information is available at present for some schemes, and the costings for the new schemes are on 'best estimate' basis. Firm quotations or tender prices have not been obtained for many schemes at this stage.

### New Draft Capital Plan 2022/23 to 2024/25

4. The tables below show a summary of the schemes, split between General Fund and Housing Revenue Account schemes, and the anticipated funding positions. The General Fund, Table 1 excludes schemes in the current approved Capital Plan and includes those schemes recommended for inclusion in the draft new three year Capital Plan. Table 2, shows all the Housing Revenue Account schemes and it should be noted that these schemes are fully funded.

**Table 1**

	2022/23	2023/24	2024/25	TOTAL
	£'000	£'000	£'000	£'000
<b><u>General Fund New 3 Year Plan</u></b>				
Gross Cost of Schemes	4,330	2,991	1,580	8,901
<b>Total Cost</b>	<b>4,330</b>	<b>2,991</b>	<b>1,580</b>	<b>8,901</b>
External Funding	3,570	1,558	1,127	6,255
CBC Capital Receipts	760	1,433	453	2,646
<b>Total Funding</b>	<b>4,330</b>	<b>2,991</b>	<b>1,580</b>	<b>8,901</b>

5. The Capital Plan distinguishes between various types of scheme:

- ‘Live’ schemes: schemes classified as ‘live’ are usually project managed by the Council and preliminary evaluation has been carried out such that the costs within the Capital Plan should be a reasonable estimate of scheme outturn
  - ‘Provisional’ schemes: these are where the Council wishes to make a statement of intent that it intends to deliver a scheme but where the detailed timings and / or costings of that scheme remain uncertain. The scheme may still require further feasibility work or be subject to external funding bids. It is also worth noting that final costs can not be determined until the completion of a procurement process and market prices have been received.
  - ‘Third Party’ schemes: third party schemes are schemes, usually associated with s106 agreements, where the scheme must be included within the Council’s Capital Plan for technical reasons but where the Council does not undertake project management and would not usually provide project funding (no such schemes are included within the new Capital Plan)
- x. The New Capital Plan Schemes are set out in more detail in Appendix 1. Significant additions, all classified as ‘Committed’ within the new General Fund Plan include:
- Town Deal: a total of £3.54m has been identified for two elements of the Town Deal (Lanes & Links, and Living Loughborough); projects that will require significant Council management input where it is

assumed that the Council will have responsibility for project delivery; funding of up to £3.54m will be available through Town Deal funding but any additional costs would need to be sourced elsewhere

- Shepshed Bullring: £0.9m has been allocated within the new Capital Plan for this public realm project; given the risks inherent with this type of scheme preliminary work will be required to assess the adequacy of the current capital allocation with any required variations being addressed via the regular capital plan amendment reports
- Building improvements: £1.48m has been allocated towards the upgrade of Council assets; this amount is estimated but underpinned by building condition surveys

6. Table 1 shows total proposed schemes of £8.9m requiring council capital receipts funding of £2.6m, and external funding of £6.3m. As at 31 March 2025 there will be approximately £6.1m capital receipts estimated in balances, therefore the draft three year Capital plan is affordable from current resources. This assumes that the estimates include no major capital receipts during the next three years of the plan as there are currently no disposals on the part of Council assets. It should be noted that the costs shown above are estimates made by the relevant services and do not reflect firm quotes or tender prices.
7. Anticipated External Funding is in respect of grants and capital contributions which are expected over the next three years. It should be noted that the grants are scheme specific and cannot be used to fund other schemes.
8. There is £1.7m in the Capital Plan Reserve estimated as at 31 March 2022, this can be used for either Capital or Revenue one-off expenditure.

**Table 2**

	2022/23	2023/24	2024/25	TOTAL
	£'000	£'000	£'000	£'000
<b><u>Housing Revenue Account</u></b>				
Gross Cost HRA Schemes	9,214	7,530	6,519	23,263
<b>Total Cost</b>	<b>9,214</b>	<b>7,530</b>	<b>6,519</b>	<b>23,263</b>
RCCO	3,169	3,169	3,169	9,507
Capital Receipts	450	450	450	1,350
Major Repairs Reserve/HRA Finance Fund	5,595	3,911	2,900	12,406
<b>Total Funding</b>	<b>9,214</b>	<b>7,530</b>	<b>6,519</b>	<b>23,263</b>

9. Appendix 1 also shows all of the HRA schemes for the capital plan period including new schemes, existing schemes and changes to existing schemes.
10. The Major Repairs Reserve, or equivalent, effectively represents the amount set aside for depreciation each year and this becomes a cash amount that will be spent on capital works. The draft Housing Revenue Account report shows that in 2022/23 the depreciation budget is £3,641k and the RCCO budget is £3,169k. It can be reasonably assumed that these levels will continue for 2022/23 and 2024/25 so the plan is fully funded.
11. The level of capital expenditure will be set so as to ensure that the housing stock is kept in good repair and at a level that allows the Council to service the £79.19m borrowing that it undertook to pay the government in March 2012. As such the HRA Capital Plan will be adequately funded over the three years.

#### Capital Plan 2020 -2023

12. The Council's policy is to create a new Capital Plan every other year, for a three-year period. As a result, the 2022/23 financial year will include schemes from both the current (2020 – 2023) and proposed (2022 – 2025) Capital Plans. To get a full view of all current and proposed schemes Appendix 2, which lists schemes within the extant Capital Plan should be considered alongside the new proposals.
13. It may also be noted a regular Capital Plan amendment report is also being present at the 9 December Cabinet which offers additional information on the current Capital Plan.

## Prudential Code

14. In order to comply with the Prudential Code capital expenditure must be affordable in the long term, and therefore sustainable, which requires that the decision making process must be prudent. The revenue impact of the capital expenditure must be contained within the forward plans of the authority which provides a level of Council Tax that the Council considers acceptable. Implementation of the proposed General Fund Capital Plan would result in net revenue savings and therefore is in line with the proposed Revenue Budget and the Medium Term Financial Strategy.
15. Consideration has been given to undertaking prudential borrowing in order to fund General Fund capital expenditure. However, this would incur additional revenue costs for both interest and repayments which the council would have to be able to fund as well as the savings programme which is required to continue to fund services in the light of reduced central government funding. In view of this and as set out in the current Medium Term Financial Strategy, the Council does not intend to undertake any such material borrowing in the medium term.

## Risk Management

This Cabinet report recommends the Plan is put forward for consultation. However, should the Plan be adopted then risks identified are as follows.

Risk Identified	Likelihood	Impact	Overall Risk	Risk Management Actions Planned
Insufficient funding	Remote (1)	Major (4)	Low (4)	The funding of the Capital Plan is regularly monitored and any apparent shortfalls are brought to the attention of Cabinet with suggested solutions
General Risks associated with capital expenditure	Unlikely (2)	Serious (3)	Moderate (6)	The Capital Plan is controlled through Capital Monitoring & Senior Leader Team and Cabinet.
